WOMEN AFTER ALL: SEX, EVOLUTION, AND THE END OF MALE SUPREMACY

Paperback. Book Condition: New. Not Signed; In Women After All, anthropologist Melvin Konner traces the arc of evolution to explain the relationships between women and men. Drawing on colourful examples from the natural world-the octopus, the black widow spider and coral reef fish, which can switch from male to female in a single reproductive career-he sheds light on our biologically different human identities and the poignant exceptions that challenge the male/female divide. We meet hunter-gatherers in Botswana whose culture gave...

Complete manual! Its such a great study. We have read through and so i am confident that i am going to going to go through once again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
