Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Immortal Aim There is a type of man to whom immortality is simply an aim. If you were to stop him in the midst of the activities of life and ask him if he believes in a future existence, he would find the question a hard one to answer. Perhaps he would tell you to-day that he does, and to-morrow that he doubts. He sees no supernal visions. He has never entered into the philosophical arguments. He has not encountered any scientific objections. All that has come to him has been an experience. He has found something of imperishable worth in the common tasks of life, and has attached himself to that. Immortality? If by that you mean a distant, generalized, finished form of existence, set over against this one by way of contrast, he cannot say that he believes in it. But if you mean the discovery of elements of untold possibility in the dull and prosaic things of earth, he believes in that. We have an excellent example of this type of man in The Pilgrim s Progress. His name is Mr. Honest. His experience is very different from that of the others described in the great allegory.
