Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

Not illustrated. 1836 Excerpt: .be understood that when the stars shall have been observed and the observations of the previous pages shall be completely reduced, the comparison of them with places accurately interpolated from this very approximate Ephemeris will give a series of Normal Places possessing great accuracy: and that when (as is expected) an Ephemeris shall be published, comprising the effects of perturbation and aberration, it will be the work of a few minutes to apply the difference of the two Ephemerides, either to the interpolated places given here, or to single places of the old Ephemeris comparable with the Normal Places; and that, with the factors of errors of elements in the equations of condition, a series of such equations may immediately be formed, the solution of which will give, with great accuracy, the whole of the elements of the Comet s orbit. A place has been interpolated from the Ephemeris corresponding to every observation of the Comet. It is not meant by this that every observation will be available. The Transits with the Mural Circle require no explanation. The Physical Observations comprise every remark made by me, or by Mr Glaisher, during the visibility of the Comet. The Eclipses, c, of Jupiter s Satellites, and the Occultations of Stars by the Moon, are arranged in the same manner as in previous years, and require no particular explanation. The Calculation of the Occultations is performed in the same manner as in several past years: the method of calculation...
