This book will show you how to stop dreaming and get on with the process of making it happen. I started with nothing but had an idea and built it into something you have undoubtedly used dozens of times. Based on my own experiences, I lead you from idea, to protecting it, to manufacturing it and marketing it. (I imagine you already know how to count your profit!) I share with you the important things I have learned about finance, contracts, business plans, working with the big boys , and how to protect yourself in the clinches. You provide the want to and I ll provide the how to . Prepare yourself properly and you can succeed. I did and not just once, but multiple times. Believe in yourself. Take the first step. Enjoy the wonder-filled ride.
