

Elementary Statistics: Picturing the World, Global Edition

By Larson, Ron, Farber, Betsy

Pearson Education Limited, United Kingdom, 2014. Paperback. Book Condition: New. 6th edition. 274 x 216 mm. Language: N/A. Brand New Book. For algebra-based introductory statistics courses Statistics opens a window to the modern world, and this market-leading text makes it easy to understand! Larson and Farber s Elementary Statistics: Picturing the World, Sixth Edition, provides stepped out instruction, real-life examples and exercises, and the use of technology to offer the most accessible approach. The authors carefully develop theory through strong pedagogy, and examples show how statistics is used to picture and describe the world. In keeping with the premise that students learn best by doing, it includes more than 210 examples and more than 2300 exercises, to make the concepts of statistics a part of students everyday lives. Elementary Statistics: Picturing the World, Sixth Edition, presents a better teaching and learning experience-for you and your students. Here s how: *Personalized learning with MyStatLab(TM): the accompanying MyStatLab online course provides users with countless opportunities to practice, plus statistics-specific resources and tools that enhance their experience and comprehension. *Stepped out instruction and guided student learning through an abundance of exercises build students knowledge and skills in statistics.Included are visual descriptions, unique chapter...
